

The WSMC Foundation is delighted to announce that the
9th World Summit on Media for Children
will take place in
Dublin, Ireland from 11 - 14 May 2021

WSMC Dublin 2021 is built around the idea of Creative Storytelling, an ancient Irish art form, reimagined for the modern world. The TV, Video, VR, Gaming and Online Children's Media Creatives who attend this Summit will show, brainstorm and develop new creative storytelling that empower and inspire children.

WSMC Dublin 2021 will engage youth across Ireland and globally and will aim to have global youth engagement in Ireland. WSMC Dublin 2021 will also explore the issues of protection and diversity in children's media.

The Dublin Board is committed to making this a global event in which organisations on all continents will have contributed to devising the agenda. Pre-Summit meetings will be held across the world to encourage engagement of media professionals and NGOs in the development of the WSMC Dublin 2021 Agenda.

Join us in Dublin for the 9th World Summit on Media for Children in May 2021 for a truly inspiring and memorable event!
